

We Exceeded Expectations!

We arranged special express delivery of their Passports complete with Visas direct to Heathrow Airport **just in time** for their flight to Australia. *This involved our direct 'against the clock' liaison and visits to Embassy and passport Office.*

The delighted Web Family at Heathrow Airport Dec 2006.

Here's what they said on arrival:

“Well what can we say. In the first week of arriving we have bought a car, a house, booked the children into private schools, got our tax file numbers and Australian business numbers, opened a business, found doctors, dentists, and made loads of friends. Not bad eh?

We're definitely not coming back.

We cannot thank you enough. We will keep you up to date.
Wishing you a merry Xmas and New Year.

Linde and David Web and Family.
